THE STORY OF THE BIBLE

“The Bible is a unified story
that leads to **Jesus**.”

THE BIBLE PROJECT

The background of the slide features a close-up of two hands, one with a red sleeve and the other with a white sleeve, resting gently on an open Bible. The scene is dimly lit, with warm, out-of-focus bokeh lights in the background, creating a serene and contemplative atmosphere. A large, faint white quotation mark is visible on the left side of the text area.

THE STORY OF THE BIBLE

The Bible tells the story of how the Living God desired and designed to live in the midst of his people, to dwell in the midst of his creation so he wouldn't be distant from it.
